To eventyr om Stortuvholl

The dog in Stortuvholl

Here are two legends about Stortuvholl in Aspfjorden. The first is the well-known legend about the dog who disappeared into one cave and came out of another with almost no hair on the body. The second is a fairytale about the trolls in Stortu-vholl written by Marie Zakariassen from Aspfjord, she wrote the fairytale to "make an end to the trolls" as she says.
