Høvikhulen og to huler ved Tomasvika

HØVIKHULEN AND TWO CAVES AT TOMASVIKA

Iain Schröder describes the Høvikhulen, a 100 m. long sea cave lying in the partition between napes. A mainly tectonic cave about 20 m high and 50 m long and a sea cave about 40 m long both lying by Tomasvika is also described. The E caves are all situated in Sør Trøndelag county.
