

Norsk Grotteblad nr 32, Mai 1997

Årsmøte i Norsk Grotteforbund 1996

Annual conference 1996

The annual conference was held at Skonseng Elementary School, Rana. The new committee is Torstein Finnesand (leader), Ivar Westvig (rescue operations), Halvard Zahl- Hansen and Svein Grundstrøm (members of the committee). Geir Balseth (accountant), Bjørn Egil Johansen and Roy Solbakk (electoral committee). Several ethical aspects concerning caving were debated at the conference. The background for this debate was an episode in Trollaldalen, where some cavers had started exploration prior to conferring with those who had discovered the cave and were currently mapping it. Several issues were discussed, and a further debate on the subject was welcomed.
