Øyfjellgrotta

Øyfjellgrotta

The cave is situated in Øydalen, Vefsn community. Drive ca 2,5 km heading the airport, from Øybrua. Turn right by gravel pit, follow dirt road 1 km, to its end. Private road, take care! Then walk 30 minutes on a steep footpath. Keep right when the path divides. The entrance is partly covered by ice to end of June. Thru trip is possible. Mid way is it a huge hall, used for concerts.
