

Responsteamopptak i Olafshølet og redningsøvelse i Setergrotta august 2014

Cave Rescue practice in Olafshølet and Setergrotta August 2014

A rescue practice was held in the +40 meter shaft in the Olafshølet entrance because of the increasing number of members in the Response Team, which is a vital part of the Norwegian Cave Rescue. On request, a rescue practice was held in the guided cave Setergrotta.
