Strømpdalen 2015

Strømpdalen 2015

Several caves were explored and surveyed in Sørfold municipality in Nordland county: Sommersethola, located south of Leirfjorden, was surveyed to 419 metres, but could be somewhat longer. Skolegrotta in Strømpdalen was surveyed to the end, where a small duck was passed to get the last 3 metres. The cave has two avens, not fully explored.

Gymnasgrotta is located close to Skolegrotta, and was also surveyed. This cave also has two unexplored avens.

Beinhola was resurveyed, length 213 metres, depth 16 metres. Some small caves were also surveyed: Stigrotta and Fjellsprekka. The surveys of the two large caves, Reinvikgrotta and Tjorve, were also extended.
