

Norsk Grotteblad nr 71, Desember 2018

Årsmøte august 2018 i Plurdalen

Review of the annual gathering in Plura 2018

The annual meeting of NGF took place at the same time as that of the Norwegian cave divers and at the same place. Members and visitors were able to see presentations and training in security and climbing, and in the afternoon caving trips and diving tours were arranged in the Plurdalen area. At the end of each day a social meeting was held around a campfire.
